Reference / Testimonial

City of Cape Town : CoCT

The City of Cape Town Administration is grounded in the vision of a sustainable City and supportive of the green economy. It gives me great pleasure to provide a reference on behalf of the City of Cape Town for Jade-Sky Project Management. In procuring services of a Project Manager able to curate an art installation for our newly built Manenberg Housing Office we found the team to be extremely collaborative. Jade- Sky went well beyond the scope of work provided, to build ties to the community with the view to ensuring the community took ownership of the project and felt included in the creative process. The end product included multiple art mediums and we feel that it showcases the aspirations of the community and its Youth. Not only do we feel that the installation is world-class, we are appreciative of the fact that during the process several community members were given the skills through skills transfer and workshops, to capacitate them to replicate similar projects in the future. The holistic manner in which this project was undertaken evidences the emotional and professional investment JSPM make in its delivery of “legacy projects” it takes on.

Alistair Stanbull, Senior Superintendent Property and Rental Transfers - Housing Maintenance - Project Office
